Visit the **cafe!**

What can you see at **Lower Moor**?

Photo credit: Carol Gadd

There are lots of beautiful **birds**.

Can you hear them singing?

Photo credit: Carol Gadd

Large populations of **wildfowl** swim in the lakes.

How many can you see?

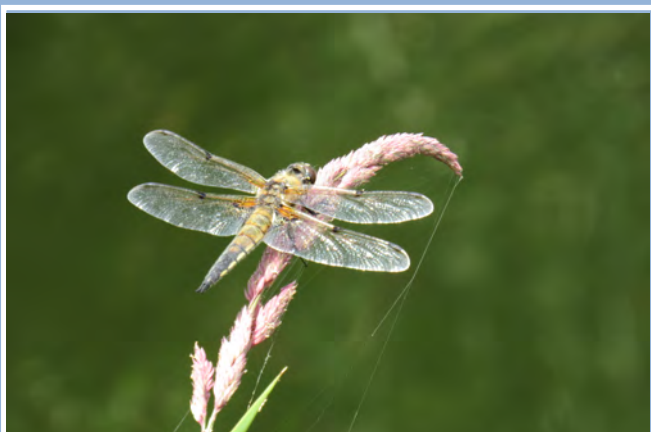

Photo credit: Eleanor Dodson

In summer there are many different kinds of **dragonflies and damselflies**.

How many different kinds can you find?

Now you know that

1. Lower Moor is special because there are so many different kinds of birds, **wildfowl and insects**.
2. Lower Moor **provides an important habitat** for wading birds.
3. We are looking after **Lower Moor** so that the birds, wildfowl and insects stay here for you to see and enjoy.

We hope you enjoyed your day.
What did you enjoy the most?

Thank you for visiting
Lower Moor Nature
Reserve.

Please come back again!
